

Team Sherald-Year 1- Summer 1

Dear Parents and Carers,

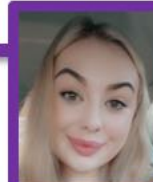

I hope you've had a lovely half term break. Last half term, Year 1 discovered lots about animals in our topic "What colours, textures, patterns and shapes can we see on animal?" We had lots of fun learning about colour mixing and we made our own animal prints. We even made a Year 1 zoo! During the topic we had lots of fun learning about different animals and their habitats. Have a look at our Class Page on the school website to see more photos of our brilliant learning!

CRASH! What's that in the playground? Let's go outside and take a look. Stand back everyone - it looks like a UFO has crash landed! Find out who might have landed by exploring the craft and investigating scattered scientific specimens. Would you like to be an astronaut? You'll need a pretty sturdy spacecraft if you do. Start off small by making an air-propelled rocket. How far can you make it travel? Find out the names of the planets. There's Mercury, Neptune, Mars and - do you know any others? I've forgotten the rest. Then, an alien is found. Can you help get him home? It's got the experts in a puzzle...Are you ready for take-off Year 1? Hold tight. 5, 4, 3, 2, 1... LIFT OFF!

Each week, an adult will listen to your child read in school. They are strongly encouraged to read daily at home. Please help us by logging their home reading onto **GoRead** and helping children build up their gem collection! Children will continue to have access to **Spelling Shed** and **Numbots** to practice these crucial skills at home. This half term, Team Sherald have PE on **Tuesdays** and **Thursdays**.

As a team, we will be working hard to help your child achieve their full potential. If you have any questions or concerns, please do not hesitate to come and see us.

Miss Barry
and Mrs
Doyle
